DFARS STATEMENT

Restriction on Acquisition of Certain Articles Containing Specialty Metals

DFARS (Defense Federal Acquisition Regulation Supplement) Part 252 through its various sub-sections require procurement of materials that have been made and melted in the United States or from a qualified country. This specifically applies to items produced at the Ohio Nut and Bolt Company and Modern Fasteners made from Stainless Steel.

The Ohio Nut and Bolt Company and Modern Fasteners understands and complies with Certain Articles Containing Specialty Metals requirements as cited in DFARS clause 252.225-7009

(formally 252.225-7014 Preference for Domestic Specialty Metals, Alt 1, as classified in Subpart 225.7002-3 (b)(1)).

Metals used for the manufacture of parts by the Ohio Nut and Bolt Company and Modern Fasteners are listed below.

- Stainless Steel: is Compliant
- Steel: is exempt of this Requirement
- Aluminum: is exempt of this Requirement

Applicable supporting documentation will be made available to appropriate interested parties upon request with a 30-day notice and shall be in reference to specific customer purchase orders.
